| 1 | A large parcel of land is attached to this property which is not being utilised nor is the capital value able to be accessed for other opportunities. Also the building needs attention. The location of St Andrews is not easily accessible by public transport | 10/21/2021 1:18 PM |
| 2 | Regular masses | 10/13/2021 10:19 PM |
| 3 | Because of COVID, no priests, Sunday church is crowded, weekdays only few people come | 10/12/2021 1:38 PM |
| 4 | View of the Parishioners | 10/12/2021 11:32 AM |
| 5 | Roof and other areas need fixing up. Lack of priests, structure to support/provide daily liturgies. | 10/12/2021 4:42 AM |
| 6 | One Mass is sufficient for St Andrews . Not enough numbers attending. St Andrews is remote and one needs a car. No public transport This means some parishioners are unable to attend Too steep for the elderly and not very good access for the disabled. The place has no feeling and does not feel like a house of God. | 10/11/2021 3:25 PM |
| 7 | school and bigger events emergency housing | 10/11/2021 9:21 AM |

| 9 | the roof is not fixed and it needs to be fixed this ridiculous! | 10/10/2021 6:52 PM |
| 10 | YES! it is largest of all the other churches and able to generate financial revenue in terms of hiring not only to the faith communities but to other communities like workshops etc | 10/10/2021 11:34 AM |
| 11 | The intended use of church when planned and built has not been fully italised. | 10/10/2021 9:55 AM |
| 12 | | 10/9/2021 3:09 PM |
| 13 | Small numbers at mass | 10/9/2021 1:58 PM |
| 14 | For over 10 years, St Andrew's community have been asking for the roof to be repaired to no avail! A routine maintenance issue has now become a somewhat more expensive affair - | 10/8/2021 7:57 PM |

| | BUT not insurmountable. If the Church did not leak, it would definitely be used more because the community of St Andrew's has always been a spiritual and welcoming one. Fix the church and you fix a lot of problems. There's no use building new if the existing cannot be taken care of. Look after the existing flock - they have been faithful servants. It is not Christ-like to give them the flick. | |
|----|---|--------------------|
| 15 | Most use is by other groups | 10/8/2021 5:00 PM |
| 16 | Not really although good use for emergency housing and rental. | 10/8/2021 2:47 PM |
| 17 | If there are water tight issues and earthquake risks better to maybe reduce use | 10/8/2021 1:44 PM |
| 18 | no school link, & expensive church to maintain. We should demolish it and build townhouses as rentals for parish income | 10/7/2021 10:12 PM |
| 19 | It's a big church, with plenty of parking, making it very convenient and accessible particularly during winter and rainy days when we do need a parking lot closest to the church. Also, the land is big to hold outdoor activities, particularly during the summer, where we can do fundraising if needed. | 10/7/2021 6:42 PM |
| 20 | Newlands, Granada Village and Woodridge is a growing community. St Andrew's has always been a buzzing community until the past leadership mucked us around and tried to frustrate people. The current LFT has not helped by reducing masses and not providing priests. Not everyone understands what the vision of the parish is and more needs to be done there before we decide on property reviews. On a final note, St Andrew's church has the largest space to accommodate the entire parish. Parishioners are happy to fund raise and repair the roof leaks but this was always ambushed by the LFT who appear bent on selling this property. Repair St Andrew's roof and give back power to the people and community. Masses have been deliberately reduced at St Andrew's Church and given to St Peter's and Pauls stats provided are false and do not represent the current nos per mass. The Samoan and Syro Malabar communities use this church for their Sunday masses as well as during the week. Hence St Andrew's has 3 mass services and a diverse community reaching far and wide. | 10/7/2021 5:51 PM |
| 21 | We get at our mass not only our parishioners but also from other parishes | 10/7/2021 5:09 PM |
| 22 | This is where we attend mass and other activities due to accessibility, location, time, and travel is very adequate and convenient. | 10/7/2021 3:26 PM |
| 23 | It is too cold and it leaks | 10/7/2021 11:53 AM |
| 24 | I attend mass at St Peter and Pauls and going to St Andrew takes me out of my way. | 10/7/2021 11:02 AM |
| 25 | Only used week-ends [mainly] | 10/7/2021 5:13 AM |
| 26 | Big piece of land, could make good housing. Big church | 10/6/2021 8:49 PM |
| 27 | Its principal usage is on Sundays and otherwise (to the best of my knowledge) it remains largely unused. It also has valuable land attached to it and it seems to me that that land might be put to better use than lying fallow. In terms of money it is a non-performing asset | 10/6/2021 7:57 PM |
| 28 | Not sure if the hall is used much | 10/6/2021 7:39 PM |
| 29 | A difficult call. Has great capacity but under utilized. Where is the greatest need for social housing. | 10/6/2021 6:33 PM |
| 30 | One Mass per week is not a good use of the building and would make even less financial sense if/when the necessary maintenance was carried. | 10/6/2021 6:15 PM |
| 31 | One Mass per week is not a good use of this space | 10/6/2021 5:57 PM |
| 32 | St Andrew's church can be used for other purposes if developed well. Eg an event centre for community to hire, offices to run childcare, counselling etc | 10/6/2021 5:52 PM |
| 33 | Large building for all parish masses but wrong location. Hall area too small. Expensive roof repairs needed. | 10/3/2021 10:02 PM |
| 34 | Usage too low for the size and area involved. | 10/3/2021 11:05 AM |
| 35 | Not sure what 'good use' means - use by the parish, outside groups? Either would require management/administrative support and resources from the parish. | 10/3/2021 10:59 AM |
| 36 | Like all our churches it is used for worship only | 9/30/2021 9:07 AM |

| 1 | Covid is certainly making a difference for use of all our buildings. However, in the future St Ben's could be used for alternative use by the community and more use by the school. Needs to stay because of its possibilities for diversification | 10/21/2021 1:18 PM |
| 2 | Parish supports the church as the centre of the community | 10/12/2021 11:32 AM |
| 3 | The number count is down at St Benedicts. and parking is abysmal especially when the try too have 3 churches attend one Mass.Public transport is also to far from the church The church has a nice atmosphere and here I must be honest except for the cross on the wall which I do not like at all. Not very good hospitality space. Too crowded for funerals. | 10/11/2021 3:25 PM |
| 4 | don't usually go there | 10/11/2021 9:21 AM |
| 5 | with covid church not open of course. When able (after covid) we should be able to have liturgies presided over by lay people, we have no Priests so when are the lay people able to fulfil their mission by conducting liturgies. We hear that we have to step up, but then told 'no under cannon law liturgy not allowed' | 10/10/2021 5:27 PM |

| 11 | Use from school, community groups and good \$\$\$ from rental | 10/8/2021 2:47 PM |
| 12 | Important for the school and the area. Could more services without priests - we shouldn't let the number of priests being the denominator of usage of the church | 10/8/2021 1:44 PM |

| 21 | Rent must be more than running things | 10/6/2021 7:59 PM |
| 22 | Reasonable use; in standard times it hosts a service 6 days a week and a mass on Sundays. In recent times it has become the church in the parish which hosts Sunday afternoon baptisms - it also hosts the scholl periodically durimng term time as well as full school masses at the beginning and end of year inaddition to Grandparents Day Mass and other periodic large feasts | 10/6/2021 7:57 PM |
| 23 | Thanks to the school and small groups. A compact area useful for more intimate weddings/funerals. | 10/6/2021 6:33 PM |
| 24 | Is there more opportunities for the school to utilise the space? | 10/6/2021 6:25 PM |
| 25 | One Mass per week is not a good use of this space. | 10/6/2021 5:57 PM |
| 26 | Too small for all parish masses and only street parking only. No hall. Has school attached. Not in right location. | 10/3/2021 10:02 PM |
| 27 | Usage too low for the cost of maintaining. | 10/3/2021 11:05 AM |
| 28 | See comment above. Parishioners would support more (daily) weekday Masses but there seems to be a tacit agreement to centre weekday Masses in Johnsonville (thereby reinforcing the argument about not enough use in outlying churches). School use is also a significant factor which is not taken into account in the usage summary. Familiarity with Mass and the church building as a Catholic community focus is an important factor in socialising young and hopefully future practising Catholics. | 10/3/2021 10:59 AM |

| 2 | Sunday masses and Wednesday mass for the elderly. People get together - elderly | 10/12/2021 1:38 PM |
| 3 | There are over 100 that come for Wednesday mass and there are two masses on Sunday which are both full. Also have morning tea for the elderly after mass. | 10/12/2021 1:23 PM |
| 4 | Long history of vibrant community | 10/12/2021 11:32 AM |
| 5 | Yes but we could do better the lack and age of our current priest helpers is the problem, to which there is no answer. Parking is good and with the use of the school grounds is adequate at most times. Parking during the week unless on church business should be charged for and would generate some income. Cards could be issued for people on church business the rest should pay. First we must all come to gether as one and work from there at present we are fractured and this does not lend its Our hall and toilets leave a lot to be desired not to mention the kitchen so this would need an over haul. | 10/11/2021 3:25 PM |

| 13 | Sts Peter & Paul Church has always enjoyed a 'most favoured' status. However with the rapid housing infill being promoted, the area is becoming extremely congested. On a weekday, there is NO parking available and with an aging population, expecting them to walk a fair distance to attend a weekday ceremony, e.g. funeral or other event, is uncharitable. | 10/8/2021 7:57 PM |
| 14 | I attend St Peter and Paul's on Sunday and I also contributed to its building fund over many years so would prefer to see it redeveloped. | 10/8/2021 3:11 PM |

| 20 | We seldom attend activities at St. Peter and Paul's | 10/7/2021 3:26 PM |
| 21 | Re the first three questions: one Sunday Mass per week at each church plus a small amount of use during the week is not adequate use of the buildings and the land they occupy. Also the parish office is in Johnsonville. | 10/7/2021 2:56 PM |
| 22 | We have emergency housing, other outside groups use it. We have services during the week. Easy access but need more parking spaces. The old house next door needs to be demolished and use it for parking | 10/7/2021 11:53 AM |
| 23 | In general, I think there is good use of the facility, although I was disturbed to hear that the lady who took dancing was asked to find another place for her business. This activity brought in funding and it was genuine community use of the space. | 10/7/2021 11:02 AM |
| 24 | We don't need 3 churches. All of the activities could be held in one building. Communities could use other venues [private homes, rent other halls] to keep their original community in touch with each other. | 10/7/2021 5:13 AM |
| 25 | Cannot believe we have meetings at another church - because we haven't got a suitable kitchen in church hall | 10/6/2021 7:59 PM |
| 26 | It seems to be in active use but to be fair I'd have to sit down and figure out just what it is that is done there. It is currently seen as the central church" of the parish and it is in the geographic centre but that doesn't always mean that it should remain as being the "heart" of the parish | 10/6/2021 7:57 PM |
| 27 | Hall is used by other groups, including outside groups, funerals etc | 10/6/2021 7:39 PM |
| 28 | Again through the school and other outreach organizations. | 10/6/2021 6:33 PM |
| 29 | Used for Masses or Liturgies six days a week. The hall is also used. | 10/6/2021 6:15 PM |
| 30 | Large space not not fully utilised. | 10/6/2021 5:57 PM |
| 31 | Covid relief work good and central location of parish boundaries. Has school attached. Building not suitable as a church. Feel cut off from mass if at back in hall area. No proper separate hall. | 10/3/2021 10:02 PM |
| 32 | As far as I can see, it gets reasonable usage. | 10/3/2021 11:05 AM |
| 33 | Don't know enough about activities there outside of Sunday Mass. | 10/3/2021 10:59 AM |
| 34 | This is used frequently by St Brigid's School as well as for masses and liturgies. | 10/2/2021 8:58 PM |

Q4 Our Parish Vision We are missionary disciples of Christ, in a community of communities, being transformed in our lives and transforming others and our worldOur Parish MissionWe envisage a parish that is strong in its faith, strong in its sense of community, welcoming, culturally diverse and culturally safe, inclusive and hospitable to all people, and willing to be actively and effectively engaged in bringing about a more just and equitable society – a parish where the intrinsic dignity of all people is reflected in its ecclesiastical, social and political structures and practices. How will our parish enable our vision and mission in the future given Pope Francis and the Synod having challenged us to be more outward-looking and to serve those who are marginalised or disadvantaged?

| 2 | The elderly who depend on the church and community to not only celebrate their faith but to also socialise and be part of a community. We have to look after the elderly in their time of need and not abandon them. St. Andrew's church means a lot to them. Most cannot travel and depend on the people of the parish to support them. If they loose the church they will loose their support, friends and contact with other people. | 10/13/2021 10:19 PM |

| 5 | Properly appointed persons elected by the community will plan | 10/12/2021 11:32 AM |
| 6 | Having a presence in each community is vital to serve. We have limited ourselves to church, no engagement of community, no priests, no growth. If we want the church to thrive in NZ- Wellington we need to engage the youth and radically change the way we recruit, develop our capacity of priests and support lay ministry. We need charismatic leadership, ordained priests and the blessed sacrament in each community. | 10/12/2021 4:42 AM |
| 7 | No 1 we should come to gether as one Parish. At present we are fractured and this does not enable us to focus on out side problems there is too much in ward looking. Once we are one I think we will be better able to help others in the community. I do not feel comfortable with us and them mentality. | 10/11/2021 3:25 PM |

With a fair and just leadership, keeping in mind our youth, because they are our future and eventually come back to the church when they are older. LET OUR MISSION AND VISION LEAD US IN THE RIGHT PATH FOR THE COMMUNITY AND NOT FOR FINANCIAL PERSONAL EGOISTICAL GAINS. | 10/10/2021 11:34 AM |

| 16 | A Parish can only flourish if ALL feel welcomed and informed. A house divided against itself will fall. Better face-to-face communication would also help. | 10/8/2021 7:57 PM |
| 17 | By having facilities for Masses and schools and communities. | 10/8/2021 2:47 PM |

There are people who leave before Mass ends, and so best to do those notices before we begin. | 10/7/2021 6:42 PM |

| 24 | In general, it is the established Pakeha group that are deeply dedicated to giving back. It would be interesting to have a survey of all mass participants to find out what each family does to "give back." | 10/7/2021 11:02 AM |
| 25 | There needs to be more encouragement [education] about what being a mission church is. That when the mass is over it is not the end but the beginning of what should continue during the week. | 10/7/2021 5:13 AM |
| 26 | How can we measure this? The mission needs to be reviewed to address what it means to our parish when we say we have to serve the marginalized or the disadvantaged. It seems the mission is not clear enough as they are not specific, realistic, and measurable goals. i.e. equitable society, dignity of all peoplehow, who, where? Part of the mission should include the internal renewal of the members to lead to empowerment that will promote action in the mission field. A mission field that is clearly defined to encourage the parishioner to visualize where/what they can do to contribute. We can not give what we do not have. So Part of the mission is develop parishioners with a heart that desires to respond to the call/committed to serve etc | 10/7/2021 12:29 AM |

| 29 | We are asked to take the Gospel to the people. Every time we close a church we no longer do that - we ask the people to come to the Gospel and that puts an unfair burden on many | 10/6/2021 7:57 PM |
| 30 | Need to stop focusing on the buildings and focus on the needs of people, particularly those outside the church | 10/6/2021 7:39 PM |

| 1 | Sell St Andrews, make St Bens multi use. Needs to be kept for school use. Presbytery could continue to provide income as being either accommodation at market rates or as alternative accommodation for those in need | 10/21/2021 1:18 PM |
| 2 | By leasing out the place for small functions and children's birthday party. | 10/13/2021 10:19 PM |

| 5 | Reasons later | 10/12/2021 11:32 AM |
| 6 | Don't think money, think future proofing, working to the mission. Repurposing, church should not be solely about mass. We need social and pastoral hubs where people learn about Christ and practice community. | 10/12/2021 4:42 AM |
| 7 | We need a central hub there for it looks in the direction that two churches and properties should be sold and the proceeds be used for one large hub in the likeness of Kapiti Presbyteries may be kept if they are useful and bring in an income to pay there way The hub needs to be near public transport. The old house could be bowled and the land used in conjunction with the existing church. | 10/11/2021 3:25 PM |
| 8 | Can develop the other churches for emergency/refugee accommodation/flexible layout structures but still have a small church for services. This can accommodate small numbers of church-goers esp elderly and those who don't have transport, and we can be of service to the wider community. Please keep property within Archdiocese and not sell to property developers. | 10/11/2021 9:21 AM |

RENTING OUT THE ST.ANDREW'S CARPARK OVER THE WEEKENDS FOR COLLEGE GAME DAYS THROUGH THE SCHOOL/COLLEGE 6.UPGRADE THE KITCHENS ESPECIALLY ST.ANDREW'S TO A COMMERCIAL KITCHEN. HIRE IT OUT TO CATERES FOR CATERING EVENTS. 7.INVEST IN A TEAM THAT HAS BUSINESS, REVENUE LOGISTIC THINKING ACUMEN TO SPEAR HEAD THIS PROJECT. IT WILL GENERATE JOBS WITHIN THE CATHOLIC COMMUNITY AND GROW THE PARISH. | 10/10/2021 11:34 AM |

| 15 | Community involvement. | 10/10/2021 9:55 AM |
| 16 | Communicate effectively and divide the regions so the churches cater to the needs of the areas specified to them. Capture feedback through surveys and directly addressing the gatherings. | 10/9/2021 9:16 PM |
| 17 | Rent out the Presbytery on market rent , This will help alliviate the expenses of the parish. Instead of selling the churches (dumb idea) | 10/9/2021 3:09 PM |
| 18 | Close Newlands and Khandallah churches. Reduce maintainance costs | 10/9/2021 1:58 PM |
| 19 | Repair St Andrews. There is space for growth - the SAC have already provided the vision. Extend St Brigid's school on the land currently occupied by the 'old' Challenge 2000 and Sts P&P. Provide a school hall which can be multi-use and a chapel as and when required. St Bens - no comment | 10/8/2021 7:57 PM |

| 22 | We need to reduce the portfolio of churches as the usage is too low and the costs to repair maintain too high. But it would be silly to sell church like st bens who we have restored (after selling the other church in Ngaio) The houses need to be leased at market rates or sold | 10/8/2021 1:44 PM |

| 25 | We have catholic schools but we do not see the kids or their families in church They only want to be catholic to attend a catholic school. This has failed and as a parish we need to focus more on the needs of our community and people who are looking for more leadership and more priests. | 10/7/2021 5:51 PM |

Plus expert input from those who have experience in servicing the community such as the Compassion Sisters who are champions in servicing the community and the SM's. | 10 | At St Andrew's we are already providing 'social housing' and 'food bank'. There is scope to install modular buildings which can be used for multi-use purposes. However, if we cannot undertake the bare minimum maintenance required for our church, then having grandiose visions will waste on the wayside. | 10/8/2021 7:57 PM |

| 18 | We have enough church buildings, we need all of the above | 10/7/2021 11:53 AM |
| 19 | The "Our Lady of Kapiti" space is outstanding because it caters for every need. This does not mean that the Ohariu/St Francis of Assisi parish buildings do not do the business, it is simply that they were built for a different business. Adaptation is much easier than rebuilding. | 10/7/2021 11:02 AM |
| 20 | Firstly we need a building where we gather to pray. It doesn't need to be expensive. Then we need to carefully ascertain what needs there are in the community. What other facilities are in the area. Can we share some facilities with other churches. Can we have a building flexible so it can adapt to changing needs? | 10/7/2021 5:13 AM |

| 22 | Parish area is large and is composed of three mass regions. | 10/7/2021 3:26 PM |
| 23 | One building would suffice for the number of parishioners we have and it seems unlikely that number will grow significantly in the future - more likely to shrink based on trends to date. We cannot afford to maintain three churches and three presbyteries longer term, especially if we have no resident priest. | 10/7/2021 2:56 PM |
| 24 | The geography of Wellington ensures that we have discreet communities, located around a PLACE, and that is where people tend to go. However, it is possible to look at the strengths of each centre and build on these. There should be a real focus on what is available in each centre to enable this "subdivision of talents" to occur. | 10/7/2021 11:02 AM |

| 19 | Spiritually revived, with greater community engagement and connected to each other. Not just attending the church or Mass to comply with obligation. We need to enliven our parishioners that this is about having a deeper and personal relationship with God. It will be a very different journey for each of us to developing our relationship with the Lord as it is something personal and individual. But we need to start somewhere to impart this message, or we end up having the same disconnected and disengaged parishioners as we have now. Look at the church, how many youth do you see coming every weekend. How many of them are really in to going to church, because they want to know God more, and have a personal relationship with Him. | 10/7/2021 6:42 PM |

| 4 | Mission and future proofing. Mass counts are relative to the number and timing of masses and related to availability of priests. The rest of the options have placed all three churches on par. No parking has been discussed | 10/12/2021 4:42 AM |
| 5 | That the building we call church has a christian atmosphere and feels really welcoming Priests should not be a given as trained lay people can take a lot of the pressure off the priests. Lay people should be chosen carefully as power may not be used in the best interest of the congregation. Men and women should be trained for this purpose. We need to encourage as many young people as possibel as we have a very aging population at all three current churches. | 10/11/2021 3:25 PM |
| 6 | Because I have opted to still have three churches, then one or two big Sunday masses at St Andrew's can cater for majority of the parishioners and then one on alternate Saturdays at St P&P and St Benedict's for the elderly and have no transport. We can get transport teams on the alternate Saturdays they can't go to the other church, and to those who can't go to St Andrews | 10/11/2021 9:21 AM |

| 13 | My preference is to have a clever architect[s] determine if it is possible to keep and develop the present plant before we decide to demolish and start again. I was on the parish council with Fr. John Broadbent when the decisions were being made about the plant in the late 60's. Against Cardinal McKeefry's advise to demolish everything and start again and also the council chair wanting to build anew Fr. Broadbent's decision was NOT to burden the parish with that level of debt. This attitude has remained through the years in that we have always [previously] looked after the plant within our financial means and paid back any loans as quickly as we could. | 10/7/2021 5:13 AM |

| 21 | We seem to have had a lot of reviews and meetings and we are fed up. We have enough of this. We want to know where we're going. Enough reviews and we want answers | 10/7/2021 11:53 AM |
| 22 | The vibrant youth activities that Kitty promulgates are a sound way of showing faith and love of Christ. Wouldn't it be great to see this mission spread wider and deeper? | 10/7/2021 11:02 AM |
| 23 | How is St Francis of Assissi the name of our Parish. Is our mission and vision aligned with who he is, what he has done etcor should we change the name. | 10/7/2021 12:29 AM |
| 24 | Think of the elderly and accessibility to the locations. Parking and facilities. | 10/6/2021 8:33 PM |
| 25 | Community is very important to me, and lots of other people I know. | 10/6/2021 7:59 PM |
| 26 | I think you need to consider what we do for the community, what areas we could be involved in , which will help focus what we 'need' in terms of buildings | 10/6/2021 7:39 PM |
| 27 | Finances are a consideration. I believe that one central church and community centre is sufficient. | 10/6/2021 6:38 PM |
| 28 | Having read the report and spoken with a friend from St Joseph's I am rather concerned that ADW make decisions that appear to disregard the parish recommendations | 10/6/2021 6:33 PM |
| 29 | Older people like their traditional parish but as they age the younger generations are more flexible, mobile and connected. | 10/6/2021 5:57 PM |
| 30 | Consultation needs to be quick as you can't please everyone. Priests are overworked | 10/6/2021 5:52 PM |
| 31 | Modern, warm, low maintenance fit for purpose building needed. None of our current buildings are that. Johnsonville is central location of shopping, petrol, public transport etc. Makes sense to have a (new if necessary) church centre there. | 10/3/2021 10:02 PM |
| 32 | The most practical option is to have one parish centre which can accommodate many activities and uses similar to Kapiti. Location is the problem and cost of course! | 10/3/2021 10:59 AM |
